For: Security Device and System	)	

**INFORMATION DISCLOSURE STATEMENT**

Commissioner of Patents  
P.O. Box 1450  
Alexandria, VA 22313-1450

Dear Sir:

This prior art statement is filed under 37 C.F.R. §§1.97-1.98 in compliance with the duty of disclosure set forth in 37 C.F.R. §1.56.

In the judgment of the undersigned, the references listed on the attached Form PTO-1449 may be material to the Examiner's consideration of the presently pending claims. However, the references have not been reviewed in sufficient detail to make any other representation and, in particular, no representation is intended as to the relative relevance between references, whether cited in this statement or prior statements. This statement is not a representation that the listed references have effective dates early enough to be "prior art" within the meaning of 35 U.S.C. §102.

### **U.S. Documents**

1. U.S. Patent No. 4,146,664 issued March 27, 1979.
2. U.S. Patent No. 5,268,043 issued December 7, 1993.

### **Foreign Documents**

3. EP 0 310 707 A1, published April 12, 1989
4. EP 0 836 163 A1, published September 3, 1997.
5. WO 01/97168 A1, published December 20, 2001.

Also, enclosed is a copy of the European Search Report in which all of the above-listed references were cited during the prosecution of a corresponding PCT application.

In accordance with MPEP Sections 609 and 707.05(b), it is requested the document cited (including any cited in applicant's specification which is not repeated on the attached Form PTO-1449) be given thorough consideration and that it be cited of record in the prosecution history of the present application by initialing on Form PTO-1449. Such initialing is requested even if the Examiner does not consider a cited document to be sufficiently pertinent to use in a rejection, or otherwise does not consider it to be prior art for any reason, or even if the Examiner does not believe that the guidelines for citation have been fully complied with. This is requested so that each document becomes listed on the face of the patent issuing on the present application.

Respectfully submitted,

McDONNELL BOEHNEN  
HULBERT & BERGHOFF LLC
